DE 76-05 - July 21, 1976

**Voter Registration Computer Tape or Disc
Section 98.211, Florida Statutes**

To: Honorable H. Jerome Davis, Supervisor of Elections, Manatee County, Courthouse, Bradenton, Florida

Prepared by: Division of Elections

In response to your recent letter concerning demands for the supervisor's computer tapes or discs of registered voters, I bring to your attention that Section 98.211, Florida Statutes, as interpreted by the Attorney General on October 16, 1968, controls.

The Attorney General's opinion, attached hereto, notes that supervisors are not authorized to release such tapes or discs, nor to turn them over to requestion parties to be used or copied.

Reasonable charge may be made by superivisors for copies or printouts of such voters lists, copies or printouts in or by the supervisor's office.

Your question has been answered accordingly.
